## Ajax Metal Forming Solutions Again Named 2018 Top 150 Workplaces

Minneapolis, MN July 2, 2018—Ajax Metal Forming Solutions, a Heartland Equity Partners company, has once again been named one of the Top 150 Workplaces in Minnesota by the Star Tribune newspaper.

“Ajax Metal Forming has received the Star Tribune Top 150 Workplaces award for consecutive years,” said Ajax Vice President Don Wellman. “Our workplace colleagues, managers and owners are committed to providing a safe, productive and rewarding work environment. We are honored to receive this recognition.”

Star Tribune Publisher Michael J. Klingensmith said, “The companies in the Star Tribune Top 150 Workplaces deserve high praise for creating the very best work environments in the state of Minnesota. My congratulations to each of these exceptional companies.”

Produced by the same team that compiles the 27-year-old Star Tribune 100 report of the best-performing public companies in Minnesota, Top Workplaces recognizes the most progressive companies in Minnesota based on employee opinions measuring engagement, organizational health and satisfaction. The rankings in the Star Tribune Top 150 Workplaces are based on survey information collected by Energage, an independent company specializing in employee engagement and retention.

### About Ajax Metal Forming Solutions

Ajax Metal Forming Solutions is an advanced manufacturing company based in Minneapolis that produces precision metal components for architectural/engineering firms, heavy equipment manufacturers, appliance manufacturers, and other engineered products companies, both domestic and international. Ajax uses sophisticated, computer-driven machinery operated by a highly-trained workforce to shape steel, aluminum, copper, and other metals into components that comply with tight dimensional tolerances.
